New National Hymn of Arab and Muslim Countries

Hamid Atiyyah

Love of America unhinged me.

By Yahweh, I swear

She is my queen

And I, her minion.

To her fatwas I say amen!

I made peace with Zion to please her,

Nourished them with tomatoes and fruits.

Millions are hungry in Gaza

Eating grass and weeds.

America killed their infants and fetuses

Live offerings to her green idol.

Now I suffer a disgraceful existence

Undignified and faithless.
